

## Product information

### REACH EC-Regulation 1907/2006 SVHC – Candidate List of Very High Concern for Authorisation

Based on information from our raw material suppliers, we hereby confirm that the following products respectively product families according to our current delivery programs:

EtroX® V	Foamlite®	Formaterm®	Glastherm® HT	Hydroma® Hygienic Cutting Boards
Hydroma® Quality Cutting Boards	Lignostone®	LubX®	Matrox®	Play-Tec®
Polystone® ABS	Polystone® D	Polystone® E	Polystone® FM	Polystone® G
Polystone® M	Polystone® Marine-Tec	Polystone® P	Polystone® PPs	Polystone® PVDF
Polystone® Safe-Tec	Polystone® Trunk-Tec	ProMeX® MG	SustaABS	Sustadur®
Sustaglide®	Sustakon®	Sustamid®	Sustanat®	SustaPEEK
SustaPEI	SustaPPE	SustaPVDF	Sustarin®	Sustason®
Sustatron®	Sustavacu®	TroBloc®	Trovidur® Astrawood	Trovidur® EA
Trovidur® EC	Trovidur® EN Liner Red	Trovidur® EPC	Trovidur® ES	Trovidur® ESA
Trovidur® ESV	Trovidur® ET	Trovidur® NL	Trovidur® PHT	Trovidur® PN
Trovidur® PVC-U-Rundstab	Durostone® AG	Durostone® UP	Durostone® VE	
Durostone® EP, with the exception of the products listed on page 2				

a) do not contain any of the 247 substances stated in the current [candidates' list \(press release ECHA/NR/25/02 dated January 21, 2025\)](#) in a non-conform single concentration of more than 0,1 in percentage of weight.

b) do not contain any of the 74 substances and/or groups of substances, in unauthorised quantities or applications, which are stated in the current version of the [ANNEX XVII](#) of the REACH guideline, dd. 12. November 2024.

c) do not contain any of the 59 substances and/or groups of substances, in unauthorised quantities or applications, which are stated in the current version of the [ANNEX XIV](#) of the REACH guideline, dd. 08. April 2022.

Should the [Candidates' list](#) or the [Annex XVII](#) or the [Annex XIV](#) changed and substances new listed there be contained with a non-conform percentage in weight or other restrictions in our products, we will inform you.

**Please note:** Generally, traces of undesired substances that are ubiquitous in minimal quantities through propagation can never be completely precluded from our products. Moreover, we point out that analytical monitoring of our products for any potential contamination is not the subject of our outgoing inspection.

You will find further information concerning this on our website [www.roechling.com](http://www.roechling.com) and under [www.echa.europa.eu](http://www.echa.europa.eu). We will be only too glad to answer any of your queries.

Advice: This product information serves alone for informative purposes. Warranties, assurances and guarantees cannot be derived from this. All confirmations hitherto herewith lose their validity.

## Product information

### REACH – Obligation to inform for processor of EP-sheets

Dear Customer,

EP-sheets have proved themselves, especially in the following industries in particular generator and motor, electrical industry, electrical insulation components, healthcare, HVDC transmission and hydrogen energy.

To guarantee the lifetime of EP-Sheets triphenyl phosphate (CAS No. 115-86-6) have so far been used as fire retardants.

As follow up on a REACH substance evaluation the Member State Committee of ECHA agreed in their meeting in October 2024 that, based on a weight of evidence, Triphenyl phosphate is considered a substance under Article 57(f) of REACH, because it shows endocrine disrupting properties for which there is scientific evidence of probable effects to the environment.

In accordance with the current Regulation (EU) No. 1907/2006 (REACH Regulation) we would like to inform you that the product:

<b>Durostone® EPC 204</b>	<b>Durostone® CR205</b>
<b>Durostone® EPC 205</b>	<b>Duroprotect® 5000</b>
<b>Durostone® EPR S6</b>	<b>Durolight® S33</b>
<b>Durostone® EPF S6</b>	

contain more than 0,1% of the following substance:

**Triphenyl phosphate (CAS no. 115-86-6)** ([Substance Information - ECHA](#))

No special precautions have to be taken for proper handling of the use of the article because the substance is integrated in the plastic and will not be released during normal use.

Should you have any questions regarding the REACH-regulation in our company, please do not hesitate to contact us.

This information was made automatically and therefore does not show a signature.
