Perforated ACM

Perforated ACM

WE CAN GUARANTEE THE BOND INTEGRITY FOR PERFORATED APPLICATIONS

The ability to perforate and warrant **larson®** metal composite panels is a reality, opening up design possibilities unimaginable until now with a plethora of perforation combinations at your disposal. Whether by CNC or Press processes, **Alucoil®** offers the possibility to utilize round, square, triangular, star, and many other shapes in different perforation sizes and patterns. As well as its use for wall cladding, the use of perforated composite panels for internal applications is a clear commitment to modern design.

- ▶ High quality 5005 series aluminum alloy
- ▶ Corrosion-Resistant Pretreatment
- ▶ Exceptional bond strength, reaching the double of the industry standard parameters
- ▶ Up to 10 years exterior warranty (*)
- ▶ Perforated Wall Cladding - Double sided coated panels
- ▶ Perforated Ceiling Panels
- ▶ Multiple Perforation Patterns

(*) Warranty required prior analysis of project specifics by **Alucoil®** in advance and is limited to panels manufactured at **Alucoil®** in Miranda de Ebro, Spain.

PCA Perforado

GARANTIA EN SUS PANELES DEBIDO A SUS EXCLUSIVAS CARACTERÍSTICAS Y PRESTACIONES

El perforado en los paneles composite **larson®** es una realidad, la posibilidad de simular efectos antes inimaginables, ahora son posibles gracias a las diferentes combinaciones de perforados. Tanto en centros de mecanizado CNC como en punzonadoras, **Alucoil®** da la posibilidad de realizar infinidad de perforados, circulares de diferentes diámetros, cuadrados o rectángulos de diversos tamaños, colisos, rombos, estrellas, triángulos...

- ▶ Aluminio de alta calidad aleación 5005
- ▶ Pretratamiento anticorrosivo de sus metales
- ▶ Excepcional adhesión del metal al núcleo
- ▶ Garantía de hasta 10 años en exteriores (*)
- ▶ Perforados para fachadas (paneles lacados doble cara)
- ▶ Perforados para techos interiores (paneles lacados una cara)
- ▶ Infinidad de tipos de perforado

(*) Previo análisis y estudio a realizar por **Alucoil®** del proyecto para paneles **larson®** fabricados en **Alucoil®** (Miranda de Ebro).
